

Learn to Skate Program

Aspen Ice at Flemington

Basic Skills Program

Ice Skating is a wonderful sport that can provide a lifetime of fun, fitness and friendships. Designed by US Figure Skating, the Basic Skills Program teaches the fundamentals of ice skating for everyone from preschoolers through adults. The curriculum is challenging, rewarding and just plain fun. Whether you are interested in recreational skating, figure skating or hockey, our Basic Skills Program's carefully planned levels allow skaters to gain the basic skating techniques needed to succeed. The program consists of a 30-minute group lesson and a LTS practice pass for 8 Public Skating Sessions.

*The Snowplow Sam classes will practice immediately following their group lessons.

General Information

Skates should fit snugly and be sharp. Figure skates are recommended for all beginning skaters as they provide more support and blade stability. If you are interested in using hockey skates, your instructor can advise you when you are ready.

Helmets are highly recommended for all skaters, especially tots and beginners.

Students are encouraged to wear warm, loose fitting layers of clothing, thin socks, and gloves.

In Case of Inclement Weather

Please call the rink to verify status of classes.
